According to the terms of a contract drawn up by a Patterson, N. J., Notary Public, William P. Dumoulin, an automobile salesman, appoints his friend, Hendrik Kniefert to act as his proxy in a marriage ceremony to be performed at The Hague, Holland, within the next few days. The bride is Miss Maria H. Vanderveer. After the wedding ceremony Kniefert is to place the bride aboard the first vessel sailing for America. Dumoulin is unable to go to Holland at this time.

Robert W. Archbald, of Scranton, Pa., for twenty-nine years an occupant of judicial positions upon the Pennsylvania State Bench, the Federal District Bench and the United States Commerce Court, was Monday adjudged guilty by the United States Senate of "high crimes and misdemeanors," was stripped of his office, and forever disqualified from holding positions of public honor or public trust. The Senate tried him on 13 charges and convicted him on Jan. 13, 1913.

The second jury in the Callahan case disagreed and was discharged. It stood eight for conviction and four for acquittal, according to reports. "Duck" Smith and Andrew Johnson were on trial, the men accused of the actual shooting. The trials have been stopped for the present.

DEMOCRATIC COMMITTEEMEN

Will Be Elected At Precinct Meeting On January 18.

ALL OVER THE STATE

Chairman Vansant Calls Attention to the Rules Adopted By State Convention.

At the last meeting of the state Democratic convention, the Democrats of the state, through their representatives, adopted rules requiring the Democrats to meet at their respective voting places on the third Saturday in January, 1913, which is the 18th, at 2 o'clock p. m., and elect precinct committeemen. The sections of the rules above referred to are as follows:

Section 19. Said precinct committeemen shall be elected on the third Saturday, 1913, and shall be residents of their respective precincts. The Democrats of this state shall meet at their various voting precincts at the hour of 2 o'clock p. m., (standard time) and proceed to election of a committeeman to serve until his successor shall be elected by order of a succeeding state convention. The retiring precinct committeemen shall call their respective precinct mass meetings to order and shall preside until the mass meeting shall elect a committeeman. When there is a vacancy in the office of precinct committeeman, the chairman of the county committee shall designate some qualified Democrat living in the precinct to call said meeting to order and preside until the election of a chairman.

Section 20. On the Monday following such election, such precinct committeemen shall meet at their various county seats in the counties having not more than one legislative district, and in counties having more than one legislative district they shall meet at some convenient place in their legislative districts, to be designated by the respective county or legislative district chairman then in office who shall preside and organize by electing a chairman and secretary to said county or legislative district committee, who may or may not be a member of said committee. The chairman or secretary may be removed at the will of a majority of said committee. In counties containing cities of the first class these meetings and all other meetings of the precinct committeemen in the legislative district embracing that part of the county outside the city shall be held at the county courthouse, or at some other convenient place designated by the chairman of the legislative committee, of which due notice shall be given.

The committeemen can not be appointed, but must be elected.

Full copies of the rules will be sent to every precinct chairman in the state.

The importance of this to the party can hardly be over-estimated. Every Democratic newspaper in the state is requested to publish the sections quoted above.

Grand Officer Coming.

F. O. Neutzel, District Deputy Exalted Ruler, of Louisville, will visit Hopkinsville Lodge 545 B. P. O. E. tonight and a special meeting will be held for his reception. This is his official visit of inspection and though he comes without notice an effort is being made to get a full attendance of the lodge. He asks that degree work be done and as several candidates await initiation this will probably be done.

PARCELS POST.

Say Express Men, is Not Cutting Business Much.

To the question as to how the parcels post is getting along at the Hopkinsville postoffice Tuesday morning, came the direct answer, "Getting along all right." The answer is susceptible of two interpretations: One is that the business as to volume is satisfactory and increasing; the other, not much business, and we clerks are not worked to death. Of course the first, is the correct one. The clerical force at the postoffice is always a busy lot of people and keep their work well up, though the recent beginning of the new system of the department entails more work on the clerks.

The officials of the express companies in Louisville met Monday, and after feeling their ground carefully, told the Louisville Board of Trade that the parcels post system had reduced the handling of smaller packages less than 6 per cent., while at the same time the earnings of the companies in Louisville had increased 10 per cent.

There is one advantage the express companies have over the parcels post system: Packages that are barred from the mails on account of being too heavy have to be sent by express, and then the express companies have the chance, if they so choose, to pile on charges ad libitum.

BUSY DAYS

Have Come Again and Tobacco is Moving.

Thus far this has been a busy week with everybody that has anything to do. Tobacco, both stripped and on the stalk, has been coming in freely, and now that tobacco is in condition to take down and handle, a general revival of business, which slumped a little after the holiday trade was over, is imminent. It can't be long before the large warehouses will have to employ extra force to unload the wagons as they line up a quarter of a mile long waiting for their turn.

The loose floor men have been selling what has been delivered at prices satisfactory to the raisers, but the quality has not been of the kind most desired at this time, though there were some mediumly fair lots taken at an advance of about a cent per pound last week. Though only about 150,000 pounds were sold, on account of weather conditions, the offerings were all of low grade. The season is almost unprecedentedly behind this year and what has been disposed of on the loose floors is almost altogether the product of small farmers, who have defied weather conditions to a great extent in order to obtain money on their crops for family and farm expenses.

PUBLIC SERVICE COMPANY

Made Defendant In Damage Suit For \$200.

Through his attorneys, R. R. Myers, a citizen of the county, filed suit in the Circuit Court last Tuesday against the Public Service Company in the sum of \$100 for alleged personal injuries and \$100 for injuries to a mule.

In his petition the defendant states by reason of the carelessness and neglect of defendant to protect the public from danger at an opening of Main street at Seventeen street, on the night of December 6, 1912, and while driving his team on said Main street, his wagon and one mule fell into the ditch and he and his animal were injured—himself in the sum of \$100 and his animal in a like sum.

Paducah Gets Institute.

MR. RIVES PRESIDENT

Public Library Board Of Directors Meets And Formally Organizes.

NOW READY FOR BUSINESS.

Will Meet Again Friday For Further Steps In The Erection Of The Building

The board of public library directors recently appointed met at the City Bank Tuesday at 4 p. m. and formally qualified and organized for business.

The following official notice of their appointment was submitted from the Mayor:

Hopkinsville, Ky., Jan 4 1913.—Messrs.

Frank Rives,
Wm. T. Tandy,
Ira L. Smith,
Mrs. W. A. Radford,
Mrs. T. C. Underwood.

At a meeting of the Council held on January 3, 1913, I appointed you as a board of directors of the proposed public library and your appointments were promptly approved by the Council.

Under the law, the regular terms of these positions begin on July 1st of each year. As the constitution limits the terms of all such officers to four years and the act of 1902 creating the offices also limits the several terms to one, two, three and four years, your present appointments are to vacancies in the several terms expiring on that date. Reappointments will be made in time for the full terms and the reorganization of the board at the time fixed by law.

The board is named for the present unexpired terms in order that it may at once take up the work of erecting a building and have it ready by the date for permanent organization, at which time the city's fiscal year also begins. I have selected you for these responsible positions because of your fitness for the work to be done. You will, I trust, accept the offices, meet at your earliest convenience, take the oath required of you by the constitution, and at once enter upon your duties, which I am sorry to say must be rendered without compensation. You must elect one of your number president and may elect a secretary who is not a member, but the position cannot become a salaried one until funds are provided by the Council July 1, 1913. The Council has expressed a willingness to permit the erection of the library building on a portion of Peace Park. If for any reason this should be found impossible, I feel sure another suitable lot will be promptly provided.

As soon as you have organized and entered upon your duties, you will report that fact to me officially in order that it may be made a matter of record by the City Council. I will add that you may count upon my full co-operation and that of the Council at all times in the great work you are about to undertake.

Yours very respectfully,
CHAS. M. MEACHAM,
Mayor.

There was some discussion as to whether the drawing for classes should be had at this time or at the beginning of the regular terms in July, but it was decided to proceed at this time and draw lots again if found necessary.

The oath of office was administered by Deputy Clerk Vigo Barnes and on motion of Mrs. Radford, Frank Rives was elected president of the board by unanimous vote.

Lots were drawn for terms and resulted as follows: Mrs. Radford one year, Frank Rives 2 years, Ira L. Smith 3 years, W. T. Tandy and Mrs. Underwood 4 years.

The election of a secretary was

IN SANITARIUM

Man Whose Opposition Caused Fred Wallis to Quit Race.

New York, Jan. 11.—Congressman-elect Timothy D. Sullivan, long a prominent figure in New York politics, is by a court order to be formally committed to a private sanitarium.

For some time he has been a voluntary patient, but it is said the trouble from which he is suffering has led his relatives to seek a permanent arrangement for his physical restraint in the sanitarium.

The action will probably involve a special election for a congressman to succeed Sullivan in the Thirteenth district.

When Chief Justice Hughes was Governor of New York, he sent the name of Fred A. Wallis to the State Senate for confirmation as State Commissioner of Insurance. Mr. Sullivan was one of the men who were fighting Gov. Hughes and he opposed the confirmation of Mr. Wallis. Realizing that he was up to a political fight, Mr. Wallis prevailed on Gov. Hughes to withdraw his nomination. After Mr. Wallis was out of the race, Senator Sullivan expressed his regret at opposing him and said, if it was to be done over again he would be for him.

WITHIN A WEEK

The Machinery of Acme Mills Will Be in Motion.

A representative of this paper visited the Acme Mills yesterday to see how things were going on up there and found everybody busy.

Mr. Mack Neblett, the manager, said that preparatory work was not yet completed, but that he thought he would have everything in proper shape and the machinery would be started the middle of next week. Mr. W. B. Anderson, Jr., has already enough wheat in the elevator for starting up and to last for some time with shipments to come in to keep the mills running when they are started.

Married Tuesday.

Miss Mary Hunsaker and Mr. W. S. Mabry were married last Tuesday morning and after the ceremony took the 11:30 I. C. train for Evansville for a short stay. When they return they will go to house keeping on West Side. The bride is a popular young lady, whose parents live on the Princeton road, about six miles from the city. The groom is a son of Mr. and Mrs. J. E. Mabry, of this city.

Wilson Is Formally Elected President Of United States.

Washington, Jan. 15.—Electors from forty-eight states met Monday and formally elected Woodrow Wilson president, and Thomas R. Marshall vice president of the United States. The returns prepared by the electors chosen at the polls last November, are now on the way to Washington to the president pro

tem of the senate. In two states, Utah and Vermont, four votes each were cast for president, and Nicholas Murray Butler for vice president, the latter having been named by the Republican national committee to succeed the late James S. Sherman on the Republican ticket.

KEACH TRIAL

Set For Today Before County Judge Knight.

Dr. J. H. Rice held an inquest over the body of Eph Gunn, col., Monday returning a verdict to the effect that Gunn died from a gunshot wound inflicted by Policeman K. H. Keach. Following his death, Judge Knight increased Keach's bond to \$2,000, changing the charge to voluntary manslaughter. The examining trial set for Tuesday was postponed until this morning.

Officer Keach is off duty while in the custody of the court.

The Baptist Revival.

The revival at the Baptist church is continuing with no abatement of interest. Up to yesterday about 35 persons had united with the church. A number of them will be baptized at the afternoon service today. Rev. J. W. Porter's abilities as an evangelist are fully up to the high recommendations that preceded him. His sermons are powerful, convincing, earnest and eloquent.

What Makes a Woman?

One hundred and twenty pounds, more or less, of bone and muscle don't make a woman. Its a good foundation. Put into it health and strength and she may rule a kingdom. But that's just what Electric Bitters give her. Thousands bless them for overcoming fainting and dizzy spells and for dispelling weakness, nervousness, backache and tired, listless, worn out feeling. "Electric Bitters have done me a world of good," writes Eliza Pool, Depew, Okla., "and I thank you, with all my heart, for making such a good medicine." Guaranteed by All Druggists.

Mail Carriers Will Fly.

This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions, transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery for Coughs, Colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. J. F. Davis, Sickney Corner, Me., "after doctor's treatment and all other remedies had failed." For coughs, colds or any bronchial affection it's unequalled. Price 50c and \$1.00. Trial bottle free at All Druggists.

Thought His Duty Ended.
The Duc de Raguse once explained to the Countess de Boigne the nature of his connection with the emperor as follows: "When the emperor said, 'All for France,' I served with enthusiasm; when he said, 'France and I,' I served with obedience; but when he said, 'I without France,' I felt the necessity of separating from him."

Sample of Ingalls' Satire.

Many years ago, when Senator Ingalls was in the senate, oleomargarine was a bone of contention. The debate led Ingalls to utter one of those epigrammatic sentences which made him famous. "I have never, to my knowledge, tasted oleomargarine," said Ingalls, "but I have stood in the presence of genuine butter with awe for its strength and reverence for its antiquity."

Real Test.

There is something finer than to do right against inclination, and that is to have an inclination to do right. There is something nobler than reluctant obedience, and that is joyful obedience. The rank of virtue is not measured by its disagreeableness, but by its sweetness to the heart that loves it. The real test of character is joy. For what you rejoice in, that you love. And what you love, that you are like.—Henry van Dyke.

Burley Soaring.

The season's record price for a hoghead of new burley was broken on the Louisville tobacco breaks Friday when at the Planters' Central Warehouse thirty hogheads of the new weed from Anderson county were sold at an average of \$23.90, the highest being \$33.50 for a single hoghead. Despite rainy weather, the market was active. Offerings were not as active as during the early part of the week, but almost every warehouse realized exceptionally good prices on tobacco auctioned.

AMUSEMENTS.

George W. Lederer, who added the word vaudeville to the lexicon of the native theatre when he and Alexander Herrmann brought to America about a score of years ago the first all-European company of variety artists, which he labelled the "Trans-Atlantic Vaudeville," a classification he chose with a view to distinguishing the foreign specialty artists from the rank and file of native specialty turns, then somewhat in dispute under the term "varieties," has successfully used the term vaudeville again in this country, while applying it to a radically different use. The programme at the New Amsterdam Theatre, New York, the current home of "Madame Sherry," describes the piece as a "French Vaudeville" which means a form of musical play where all songs and all the comic business are direct issues from the story and not, as in the common or garden variety of native musical comedy.

"Madame Sherry" will be played at Holland's Opera House by the New York New Amsterdam Theatre Company on Thursday, Jan. 16

THE COLONEL
KNEW COLTS

And Applied His Knowledge In
Advising the Teacher.

CHANGE OF SCENE NECESSARY

Some of the Things That We Are Apt
to Overlook in Training the Young-
sters—Two Workers and What They
Received.

The new teacher was doing her best at the little schoolhouse at the forks of the road. She had been at work for three weeks and her spirits were drooping under the care of fifty boys and girls that recited in eight different grades, to say nothing of the worry of a smoky stove and a very uncomfortable building.

The old colonel at whose home the teacher stayed had said to his wife a few moments after he had met her: "She carries her head like she had blue blood in her veins. No need of an over-check with her. Seems a pity she's goin' to have to worry with this school, don't it?"

One evening when the little teacher had told the sympathetic old colonel the troubles of the day, the restlessness and inattention of the children, he smiled quietly and suggested, "How would you like to try some of the advice I give the men who train my blooded colts that are being taught trotting for the race course?"

"You don't mean that I must begin to whip the children, do you?"

"Oh, dear, no! Very little of that does any good either on the training track or in the classroom. It is like this: We put the colt on the track, and day after day he goes over and over his lesson. He gains for some time in his work; then suddenly he seems to lose interest. The whip cannot give him back his lost interest, so I tell my trainer to jog him along one of the turnpikes. I tell the man not to try to give him any speed or lessons of any sort, but just let him see a bit of new country, some wagons and horses and autos passing, give him a change and a rest. In a few days we bring him back to the track, and he's better than ever, and his interest in his work is keen."

"You don't mean that I could waste my time running around over the coun-

OF THE ROAD.

try with my pupils, do you? Why, the people are paying me \$50 a month for my work."

"Again, I am made to understand things," laughed the old colonel. Suddenly his face clouded, and he exclaimed: "I shouldn't laugh, I ought to cry, when things are as they are. Here you are struggling with fifty children. You are expected to give them their paces for the great race of life, and you are paid \$50 a month for your work." He paused a moment, the frown on his face darkening, then said hurriedly: "—why, I pay that fellow you see out yonder driving that young trotting horse \$300 a month for every month in the year. It's the old story over again. We fail to realize that the biggest and best thing in the whole world is the brain and character of a child in making. We fail to see anything but the dollars and cents that are close at hand."

She Was Twice as Good.

The group about the cross roads store had been discussing the new teacher who had taken the school on the ridge when the trustee of the district rode up and dismounted. At once one of the men asked: "Say, Ben, we've been talkin' about the new teacher out on the ridge. How's she doin'?"

"Well, I think she's fine. I think she's just about twice as good as the one we had last year."

"You do? Why, I thought you was certain the one last year was A No. 1. How do you figure it out?"

"Yes, I believe she is. You see, I watched the teachers I hire out at my school mighty close, I do. Honest, I don't think she missed whippin' some boy every day, an' she averaged about two a day through both terms of school. That's goin' some. This new one has been out to the school only a little more than two weeks, an' she's started out mighty strong. Do you know, she's averaged four boys a day. So you see I'm certain she's just twice as good as the other one we had."

HOPKINSVILLE, KY.

The House of Good Clothes

ANNUAL REPORT

Of The West Ky. Orphans' Home For The Year 1912.

To the Board of Managers and Executive Committee:

The details of the work as it progressed having been kept before the public through the columns of the newspapers, and as recently stated covering a period of only about ten months actual operations, may be summarized as follows:

We have handled 48 children.
Of these 40 are in homes.
Eight are yet in the Home.

Of those in the Home two are going regularly to school and are making splendid progress in their studies. One is an epileptic and incompetent.

We have received..... \$2,310 85.
Expenses have been..... \$2,204 45.

Balance on hand Dec 31.....\$ 106.40.

Donations amounting to several hundred dollars of food, clothing, drugs, water, ice etc., are not included in the above estimate, but in it are a number of items of furniture, carpets etc., which were necessary to fit up the Home.

The children placed in homes have nearly all been recently heard from either directly or by mail, and all are faring well and happy.

Letters containing words of sympathy and encouragement, and accompanied by substantial donations have been too numerous to admit of individual mention.

I have never known a more general and deeper interest in any cause or movement, and feel that our debt of gratitude is very great to:

The doctors for service to the children.

The druggists for medicines.
The merchants for goods and clothing.

The deft and industrious fingers of the ladies for making garments.

The churches and their missionary societies.

The city of Hopkinsville as a municipality.

The Hopkinsville Business Men's Association.

The Tobacco Board of Trade.

The Elks.

The Hopkinsville Ice Company, by Mr. Ellis.

The Water Company.

The Brackrogge & Gates Saloon.

The Theatres.

The Schools.

The private citizens of Hopkinsville, Pembroke and throughout the country have rendered valuable and timely aid in donations of money, provisions and clothing.

The Home has had many visitors, who are ever welcome, and who have expressed pleasure in seeing and caressing the children and in giving aid to the Home.

Mrs. E. B. Twyman, of this city, will do some work for us in the field during the year.

I have also effected an arrangement, without assuming any financial obligation on our part, by which some work will be done in a number of the counties lying east of this.

With a prayer for divine guidance and blessings during the year, and a gratitude which words cannot express for the sympathy and co-operation of loyal hearts and willing hands during the year past, this is respectfully submitted.

Hopkinsville, Ky., Jan. 1, 1913

OLD CHRISTIAN

Takes Prize in Tomatoes Contest at Lexington.

As usual Christian county is to the front. At Lexington in the Corn Growers Association, Miss Rena Hill won the first prize for the best canned tomatoes. The premium was a \$20 canning outfit. The tomatoes that won can be seen at the office of Miss Jennie West, county superintendent of schools.

WANT CORRECT TIME

Business Men Using Self-Regulating Clocks.

There are quite a number of self-setting and self-winding clocks in the city and they are coming more in demand every day. Yesterday the Western Union Telegraph Company put seven new ones into service for the following parties: Martin & Boyd, Rex Amusement Co., Petre & Co., Geo. N. Duffer, W. H. Blades & Bro., Coates Drug Co. and Charles H. Morris.

These clocks wind themselves and change time to agree with the Washington time every hour.

Purely Personal.

Judge W. P. Black, of Crider, is visiting his daughter, Mrs. James West.

Miss Alice Radford visited Miss Janie Garrott in Pembroke last week.

Mr. and Mrs. Geo. E. Broadus will leave this morning for San Francisco, Cal., to remain until after the exposition of 1915. Mr. Broadus expects to go into business there.

Mr. R. L. Mosely and his sister, Miss Lula Mosely, will leave this morning for a lengthy visit to Denver, Colo., and Los Angeles, Cal.

Mr. and Mrs. Ellingsen, of Belgrade, Montana, are visiting Mr. and Mrs. Ira Rhea, on the Nashville pike.

Mr. and Mrs. Paul Winn, who have been making their home at Horse Cave, Ky., are at Mr. and Mrs. Rhea's, on the Nashville Pike, where they will make their future home. Mrs. Winn is a daughter of Mr. and Mrs. Rhea.

Miss Julia Henry, of Newstead, left today for Redlands, California, to spend the winter with her uncles, Ed and Dudley Stowe.

Miss Jacil Duffer, who spent last week with the family of Mr. Geo. N. Duffer, returned to her home in Warren county Sunday.

NOTICE.

All parties holding claims against the estate of J. F. Garnett, deceased, are notified to file same properly proven with my attorneys, Trimble & Bell, Hopkinsville, Ky., on or before February 15th, 1913.

Death of Mrs. Holt.

Mrs. Josie Holt, the wife of Dr. H. L. Holt, died at Los Angeles, Cal., a few days since, aged 57 years. Mrs. Holt was the sister of Mr. J. M. Renshaw and was born at Era, this county. She is survived by her husband and three sons. Pneumonia was the cause of her death. Dr. Holt left this county several years ago and has been very successful in the practice of osteopathy in Los Angeles.

Have Taken Silo Agency.

The F. A. Yost Company have taken the agency for the well known "Indiana" Silo and will be prepared to furnish any size in the different kinds of wood. Silos for keeping green food throughout the winter months have become fixtures with the up-to-date farmers all over the country and many are in use in Christian county.

The F. A. Yost Company, incorporated, secured the Indiana agency after looking at several different makes and believe they have one that will increase the sale of Silos in this county.

To Consider Franchise.

The Fiscal Court will hold its regular meeting Tuesday, Feb. 4 and the telephone franchise matter has been made a special order.

For Women Who Care

Of course you use an antiseptic in your family and in the care of your own person, and you want the best.

Instead of what you have been using such as liquid or tablet antiseptics or peroxide, won't you please try Paxtine, a concentrated antiseptic powder to be dissolved in water as needed.

Paxtine is more economical, more cleansing, more germicidal and more healing than anything you ever used.

In the toilet—to cleanse and whiten the teeth, remove tartar and prevent decay. To disinfect the mouth, destroy disease germs, and purify the breath. To keep artificial teeth and bridgework clean and odorless. To remove nicotine from the teeth and purify the breath after smoking. To eradicate perspiration odors by sponge bathing.

As a medicinal agent for local treatment of feminine ills where pelvic catarrh, inflammation and ulceration exist, nothing equals hot douches of Paxtine. For ten years the Lydia E. Pinkham Med. Co. has been regularly advising their patients to use it because of its extraordinary cleansing, healing and germicidal power. For this purpose alone Paxtine is worth its weight in gold. Also for nasal catarrh, sore throat, inflamed eyes, cuts and wounds. All druggists, 25 and 50 cents a box. Trial box and testimony of 31 women free on request.

Kansas Woman Helpless.

Lawrence, Kan.—Mr. J. F. Stone, of this city, says: "My wife suffered for ten years from womanly troubles, during two years of which she was totally helpless. She was examined by many physicians, some of whom gave her up to die. Finally she began to take Cardui, and since then has greatly improved in health. The tonic, strengthening, and restorative effects of Cardui, the woman's tonic, on the womanly constitution, are the most valuable qualities of this popular medicine. Cardui acts specifically on the womanly constitution. Half a century of success proves that Cardui will do all that is claimed for it. Try it for your trouble."

His Version.

At an examination held in a Junior school a composition on cats was set. One young hopeful wrote the following: "Cats that's made for little boys and girls to mail is called 'Maltese' cats. Some cats are known by their queer purr; these are called 'Purrelian' cats. Others with very bad tempers are known as 'Angorior' cats. Cats with deep feelings are called 'Feline' cats. Very fine cats are called 'Magnificats'."

Both Disappointed.

THE THRICE-A-WEEK EDITION

OF THE

NEW YORK WORLD

Practically a Daily at the Price

of a Weekly.

No Other Newspaper in the

World Gives So Much at So

Low a Price.

This is a time of great events and you will want the news accurately and promptly. The Democrats, for the first time in sixteen years, will have the Presidency and they will also control both branches of Congress. The political news is sure to be of the most absorbing interest.

There is a great war in the Old World, and you may read of the extinction of the vast Turkish Empire in Europe, just as a few years ago you read how Spain lost her last foot of soil in America, after having ruled the empire of half the New World.

The World long since established a record for impartiality, and anybody can afford its Thrice-a-Week edition, which comes every other day in the week, except Sunday. It will be of particular value to you now. Explanation of New Game Law.

The following is an extract from a letter received from the Executive Agent of the Game and Fish Commission:

"As to the license, will say that the licenses for 1913 have been delivered to the County Clerks. The way the new law is worded on this subject is very confusing to the public and has caused us considerable amount of work in answering inquiries. The new law is mandatory in that it directs that the licenses for each year must be in the hands of the county clerks by May 1st. We directed each county clerk to keep sufficient bank licenses from those returned between Dec 15 and 25, to supply hunters wanting license from the 15th of Dec. 1912 to Jan. 1, 1913. The law should be changed so as to have the county clerk keep all unused licenses and stubs of licenses used, until from Jan. 1st to Jan. 10th of the following year, and that the licenses should be in the hands of the county clerks, for the following year, before December 15th.

"We had 1 000 licenses printed for your county for 1913, with the name of the county clerk countersigned and the place for his deputy clerk to sign, but owing to the rush of business they were not gotten out before Jan. 1st, and they were destroyed after being printed by the fire which burned the Kentucky State Journal offices where the State printing is done. This will necessarily cause some delay, but 200 licenses, the same as issued in the other counties where business is not so heavy, were sent to your county clerk on Jan. 7th, and are in his hands before this date."

Selling Land From A Balloon

Los Angeles is known as the home of the enterprising real estate agent and probably no feat performed elsewhere in the line of selling lots has been equaled by the exploit of one of these Angelenos. He had almost convinced a prospective customer of the merits of a certain out-of-town lot, but the prospect demurred at signing a contract without seeing the property, says a writer in February Technical World Magazine.

It was a little too late in the afternoon to go out, and besides the company's automobile was in use, but it would never do to let the customer get away, as he might change his mind or see some other agent.

The salesman had a big idea. A captive balloon makes frequent ascents from a lot just a few blocks from the office, rising to the end of a thousand foot cable and carrying passengers at \$1.00 a trip.

With a little urging the customers were induced to take the aerial journey, and from that altitude the agent pointed out the suburban lot, showing its exact location and the character of the surrounding property quite as clearly as if they were actually on the ground.

Before they descended, the prospect had agreed to buy the lot and the agent did not even have to threaten to throw him overboard if he balked at the contract.

Mrs. A. O. Dority and son Alex Dority, of Pembroke, will leave this morning on a visit to California.
